PERSONAL PROJECTS

Developed and launched a responsive front-end website for a restaurant, demonstrating expertise in web development and design.

- Revamped the restaurant's online platform with a sleek, contemporary interface; resulted in a 45% increase in online reservations and a 20% boost in customer satisfaction ratings within 3 months.
- Ensured seamless responsiveness across diverse devices, optimizing accessibility for both desktop and mobile users. Employed HTML5, CSS3, and JavaScript for technology implementation. Illustrated expertise in web development and design by creating a responsive front-end for a social media website.
- Created and built a detailed personal portfolio website featuring sections such as Home, About, Skills, Qualifications, Projects, and Contact Me. This site highlights my professional experience, skill set, and project achievements, offering an accessible platform for potential employers and clients to review my work and get in touch.

SKILLS

Proficient in a variety of programming languages, including C , C++ , Python , HTML5 , CSS3 and Java Script

Course Work : Data Structures , Database Management Systems and Design and analysis of algorithms

Frameworks : Node JS and React

LEADERSHIP AND ACTIVITIES

Volunteer Experience:

- Volunteered at the Infinitus event hosted by SRM University, playing an active role in logistics coordination and hospitality.
- Collaborated with team members to ensure the smooth execution of various festival activities.
- Coordinated effectively with a team of 10 event organizers and 50 participants, enhancing synergy and delivering a 25% improvement in overall event engagement and feedback ratings.

Event Coordination:

- Worked with event organizers to handle logistics, manage crowd control, and ensure smooth activity flow.
- Ensured the seamless execution of scheduled presentations, workshops, and interactive sessions.
